# Renaissance Quest

Due to security concerns with Java running in browsers, it is no longer supported to play Renaissance Quest inside Firefox or Internet Explorer.

You will need to download and run the software using one of the following methods.

NOTE! Renaissance Quest currently only runs on Windows!!!

## Get The ISO File

Right-click the link below then click SAVE AS or SAVE LINK AS, and you can get an ISO file which you can use to make a CD or DVD that plays the game.

**NO SOFTWARE WILL BE INSTALLED ON YOUR COMPUTER.**

Once you have downloaded and saved the chosen file you can just double-click that file on your PC and Windows will guide you through writing a disk.

Users with late versions of Windows can click on the ISO file and mount it without having to actually write a CD!

Open the CD or mounted Disk in Windows Explorer and double-click the "rq" (or "rq.bat" file) and the game will start.

[ISO File \(RQ\\_00.50.02\\_20230714.iso\)](#)

## **Create A Folder On Your PC With The Software**

If you are somewhat technical and can't / don't want to write a disk, right-click the link below then click SAVE AS or SAVE LINK AS, This will save a ZIP file which when double-clicked will present you with a folder containing the RQ software. You can drag this folder onto your desktop or other convenient place, then run the game from this folder. This will get you the VERY LATEST software available.

[ZIP File to create a folder for RQ \(RQ\\_00.50.02\\_20230714.zip\)](#)

## **Get A CD or DVD Send Via US Mail**

If you send a request to renaissancequest@gmail.com, the operators will mail you a disk. You will also be put on our mailing list to get a new disk mailed when there are updates. Be sure to include your mailing address and your choice of CD or DVD. This is a limited time offer.

## **Web-Based Download Installer**

We are currently working to create an installer, like other games and products use. But this may take us some time. We are not supporting it yet.

We appreciate your patience, and your willingness to help us get RQ back operational.

This Quest begins on far-away Mystery Island. You must prepare for the quest well: bring rafts, food, water, medicine, and weapons, because the island is deserted!

Most important, you must obtain and bring a Mystery Island Cave Key!

First, you must search the island for the Ancient Ruins.

Once inside, you must search for the Orb! Along the way, you must get past Riddle Stones, by solving their Riddles! Be careful, the Ghosts of the ruins' previous inhabitants will be chasing you!

There are also very powerful Spiders!

Don't pass up any treasures along the way. Some of them may prove to be important later on!

If you are persistent and skillful, you will reach your goal: The Blue Orb Of Knowledge!

When you complete the Quest, you will be granted Attribute Points, including an increased Life Container!

# Quest For The Green Orb Of Stealth

First, you proceed north from Devawyn in the Dark Forest. The path through the mountains is long!

Find the Gateway to Spider Forest!

There are important treasures along the way!  
But how do you get them?

Doors in the Spider Forest  
require special keys!

If you are persistent and skillful, you will reach your goal: The Green Orb Of Stealth!

When you complete the Quest, you will be granted Attribute Points, including an increased Life Container!

You will also be able to select special Avatars, some of which are wearing the Orb around their necks!

First you must go east along the Ambrosia coast line until you find the quest entrance.

Next you travel until you find the Quest Cave entrance. In order to enter the cave you must be able to answer a question. If you have been observant you may have the answer. There are at least two clues in the desert. Inside the cave are cave spiders. One of them carries a key that you will need to complete your quest.

In front of the Quest Gate you may find a monster waiting for you. Be ready to fight him! You must be a strong fighter to succeed in this quest (or be very clever!)

Once you are inside of the gated part of the quest you will find -- more monsters to defeat, treasure chests, and the secret entrance to the orb vault. One of the monsters carries the key to the orb vault. You will need to search very carefully for the entrance to the orb vault, it is in an unexpected place!

If you are persistent and skillful, you will reach your goal: The Red Orb Of Strength!

When you complete the Quest, you will be granted Attributes, including an increased Life Container!

You will also be able to select special Avatars, some of which are wearing the Orb around their necks!

You may work alone or in a group, and each person may complete the Quest.

Good Luck!!!

# Escape From The Island Of The Lost

**In this Mini-Quest, you will attempt to escape from Lost Island. Several important game skills will be introduced, so this Mini-Quest is a good introduction for Guest Players.**

**Please note, that at the end of this Mini-Quest, a Guest Player will still be restricted to the shoreline around Lost Island. Guests need to register their own personal Player Identity before they are allowed into the rest of the Renaissance Quest Virtual World. If you would prefer to register now, and skip this Mini-Quest, you are welcome to do so. But it is really good practice!**

**In this Mini-Quest, you will learn how to gather food and drink, use weapons, tools, and crafts, and explore Lost Island.**

**Note that if your computer screen is large enough, you can drag this Help Screen off to the side and leave it open while you are playing.**

**First some basics:**

- To move your Avatar, you can either drag it with your mouse, or use the up-down-left-right arrow keys.  
If you don't have arrow keys, you can click SETTINGS - FUNCTION KEY PANEL to bring up a keypad.**
- If you right-click almost any object or Avatar, you will get a menu or some information about it.  
Try clicking yours and others' Avatars, houses and shops, or things laying on the ground.**
- The Game Map in the lower right corner shows your location with a Red X. The locations of other players are shown with Blue X's. If you click this Map, it will cycle through various zoom resolutions.**
- On the far right is the list of Players Online. If you click their names, you can get info about them.**

# Escape From The Island Of The Lost - Part 1

OK! Here you are, on the beautiful little Lost Island!

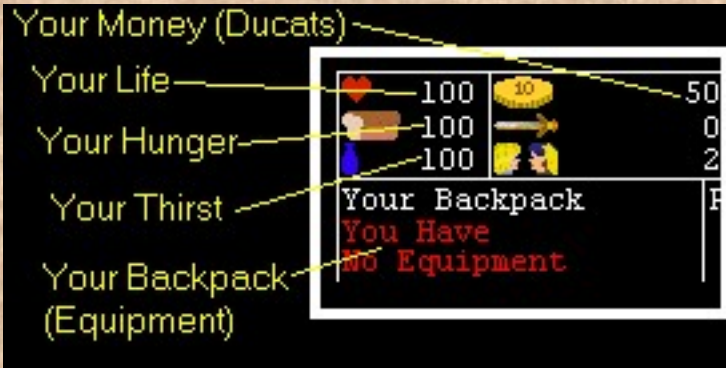

There is a Public Well, a Raft Store, and a Garden. It's a quiet place.

Better check our supplies. Hunger and Thirst - 100 - check! (100 is filled to the max}.

Life - 100 - check!

No equipment in my Backpack - no surprise.

And only 50 Ducats !!!

Let's do some exploring, see what's on this island, and verify that it's really an island.

Yes - water to the East - we can't cross.

And water to the West, we can't cross here either.

That ominous-looking Castle with the scales is the Hall Of Justice. You can go inside if you like!

On the North end of the island, you find Apple Trees! Are there any apples on the ground? If so, get close to one and right-click it!

That will bring up information about the apple. If you choose to pick it up, it will be placed in your backpack!

There it is!

Click it in your Backpack to bring up a backpack item menu. You can leave it in your backpack (Keep), drop it on the ground, offer it for sale to other players, or eat it (Consume).

If you have been walking around the island, you might be hungry. Maybe you better just eat it!

Equipment: Red Apple

This is a Red Apple.

Its Power is 10

You could consume some/all of this item.

This item can be used 1 time.

This item will Expire 2012-06-04 12:37:04.

# Escape From The Island Of The Lost - Part 2

So now let's find out how to satisfy thirst. We walk over to the Raft Store, which also sells Bottles...

Once inside, we click **COMMERCE - BUY OR SELL** (or just click the bottle sitting on the table), and you will see the buy and sell menu.

If we had logs or glass, we could earn money by selling them to the shopkeeper, but we don't have any of those things.

Just click the picture of the bottle to buy one.

Notice your Ducats have gone down, and the empty bottle has been placed in your Backpack!

Now to fill the bottle. Go outside and find the Public Well, and get close to it.

Click the bottle in your backpack, to bring up the menu for that item.

Click the USE button to use the bottle.

Notice that in your Backpack, the empty bottle has been filled with water!

Click the filled bottle,  
and then click  
CONSUME to drink the  
water. Your Thirst will  
have been satisfied.

Once you are playing the  
game, you will discover  
that many people run  
shops that sell  
ready-to-drink items, like  
bottles of wine or beer.  
But in a pinch, you can  
always go to a Public  
Well.

So now we have food and drink, and we have explored the island.

It's time to get going from this island. We need a raft! But we don't have enough Ducats!! (Check the price in the Raft Shop...)

So, first find the Weapons Shop.

Once inside, we click COMMERCE - BUY OR SELL (or just click the bow sitting on the table), and you will see the buy and sell menu.

Buy yourself a Bow and Arrows! They are cheap.

There it is in your Backpack.

Click the bow in your Backpack, to bring up the equipment menu.

Click USE.

Its Power is 20

You could use it as your Weapon.

In this area, you will fire your bow and try to hit the targets. It's not as easy as you think - the winds are picking up, and the targets are far

away. And you don't have many arrows!

But each time you hit a target, you will get 20 ducats! Hit your **ESCAPE** or **DELETE** key to fire your bow...

Hopefully, you will have used your good archery skills to win enough Ducats to buy a raft. Find the Raft Shop, go inside, and buy a raft!

Click the raft in your Backpack, then click **USE**. The raft should now be highlighted in green, and ready to use.

**Renaissance Quest** will use your Midi Synthesizer and/or Sound Card to play Background Music.

For this to work well, you need a **Sound Bank**. Often this element will not be installed by default, and the music playing in the game will not sound as nice as it should. Luckily, this is easy to fix!!

Just click the link below to visit the SUN JAVA site where you will find Sound Banks for free download, and the instructions for installing them. Thanks for playing **Renaissance Quest**!

Note: Users of Windows XP report that the Built-In Software Synth works very well.  
So don't install a Sound Bank if things already are working well!
